Hello all –

So this case is in fact now heading for trial Monday, with [REDACTED] only.

Jessica, I understand that you can't do 10-3 or 10-5. I could put you all in on 10-6-11 if that works. I've attached three subpoenas that bear the official date of trial (10-3) but of course that date is never really viable for chemists. I just want to make sure you have some paperwork.

Let me know if 10-6-11 works for you or if it does not. Sorry for the late notice – this ruling was a surprise.

Dave,

Below are dates that I am NOT available for trial. Depending on what court I already have a summons for, I might be able to work something out to accommodate your trial if there is a conflict, so just let me know.

10/3, 10/5, 10/11-10/13, 10/18-10/19, 10/24, 10/27
11/16-11/17
12/12-12/13

Just as an FYI, I don't have a summons from you for 10/3.

Jessica

Hello all –

This is an oxy trafficking case that is scheduled for an argument on joinder (of the two cases) on 9-27-11. Technically [REDACTED] already has a trial date of 10-3-11 but I expect that will be postponed until at least a couple weeks later. I just wanted to flag this case for you – if they are joined, I will need all three of you, and wanted to see if there were particular dates that did not work for you that I would need to stay away from when picking a trial date.

This is a complex, multi-witness case, so there could be some flexibility as to the order in which you were called. Let me know when you have a chance.

Dave
